## why innovo?

Innovo is a Latin word that means “to be made new.” Innovo School of Practical Ministry encourages and equips believers to participate in the on-going ministry of Jesus Christ on the earth today.

Current models of Christian ministry have created a brand of Christianity that has been correctly described as being a “mile wide and an inch deep.” If you’re looking for a deeper relationship with the Lord and a more effective ministry, prayerfully consider Innovo.

Our desire is to enable students to live a meaningful, healthy, and sustainable lifestyle, while effectively developing the individual’s calling to ministry.

Our prayer is to cooperate with the Spirit of God in His training and development of the believer and the release of the Spirit’s power in our community, culture, and local churches.

Our curriculum combines traditional Biblical and theological study with practical discipleship and development of the spiritual disciplines in a lively, loving context.
